Northgate Transit Jitneys Granted Certificate To Run In Broadmoor

ROUTE TAKES EFFECT ABOUT DECEMBER 12

Northgate Transit Co.'s jitneys were given certificate to operate outside the Daly City limits in decision announced Tuesday by state public utilities commission.

The certificate, which cited public necessity and convenience, will allow the jitneys to extend their operation into Broadmoor and Colma, unincorporated.

The PUC's order will take effect in 20 days and the jitney firm said they would begin service the same day, assigning at least six more vehicles to handle the run.

Under certificate granted by the commission, fare on the jitneys will remain at 15 cents adults, 10 cents for children.

Two Routes

There will be two routes, traversing the following streets:

Route 1—Commence at Mission and Templeton, south to Hillside south on Hillside to Market street, over to Station avenue, to School street, to Junipero Serra to 92nd, to Briggs, to Washington, to MacArthur, to Larchmont, Stoneyford, Montrose, Beechwood, Ocean Grove, Westmoor, Southgate, Lynnewood, Alemany boulevard, up Knowles to Santa Barbara to Hillcrest and back to Mission terminal.

Route 2—Commence at Mission and Templeton, south to Hillside, south on Hillside to Market street, over to Station avenue, thence to School street, Junipero Serra, 87th, Maddux, Southgate, Westmoor, South Mayfair, Dorchester, Alemany, Knowles, Santa Barbara, Hillcrest, Mission and back to terminal.

Cite Reasons

In a unanimous decision, the utilities commission cited the abandonment of the no. 76 Municipal bus, the support of the City of Daly City and Broadmoor and the potential growth of the area as reasons for granting the certificate.

"It appears there is a definite need for transportation between Daly City and Broadmoor, and the applicant has been providing service in Daly City, apparently successfully, and has overcome many of the initial difficulties," the commission said.

All routes, fares and schedules of the jitneys will now be under jurisdiction of the utilities commission, and cannot be changed without the commission's sanction. Regular inspection will be made of the vehicles and physical examinations will be given periodically for the drivers. Failure to file annual reports on operation or to comply with conditions of the certificate may result in cancel-

Ex-Con, Suspected Of Tiny's Robbery, Held By SF Police

A 30-year-old ex-convict, suspected of engineering the $3000 armed robbery at Tiny's bar November 3, is being held by San Francisco police, THE RECORD learned exclusively today. A stroke of luck brought about the arrest of Kenneth Carpenter, 30, 2915 School street, Oakland.

Carpenter was wanted both here and in San Francisco for questioning on a series of armed robberies, according to Daly City Police Inspector Bruno Conci. The ex-convict's arrest came when a San Francisco man was able to give police the registration and license number of Carpenter's flashy new-model car, suspected of being used as the get-away auto in a San Francisco hold-up.

The witness, whom police refused to identify because of possible retaliation by Carpenter's friends, told officers that he stopped to look at a flashy car on the night of November 10. The auto was parked near a tavern on 20th and Florida streets in the Mission district of San Francisco. Unbeknown to the witness, an armed robbery was being performed inside the tavern.

The San Francisco man told officers that he looked at the registration of the car and the license plate. He was able to give information on both Carpenter's name and address and the license number. Officers said he even came close to the number of miles registered.

The ex-convict was arrested by police a few days after they received the identification. He is scheduled to appear for arraignment in San Francisco this Fri-

GARBAGE FIRM MAY RECEIVE 20 YEAR DC CONTRACT

After a two-hour informal session Monday night, Daly City Scavenger Co. agreed to city ownership of the 84-acre disposal site off the coast highway, providing the scavenger firm would receive a 20-year garbage contract here.

Monday's joint meeting paved the way for Daly City to continue negotiations for purchase of the fill and cover site from John MacReady. The city, aware that its 45-day option to purchase was up in three weeks, had feared the scavengers might buy the land if it wasn't acquired by the city before the option expired. However, since Scavengers agreed that the city should own the dump, the city can proceed with an appraisal on the land in an attempt to secure it at a price lower than the $58,000 set by the owner.

City Manager Howard Stites explained that a fill and cover dump site located so close to residential development "would have to be owned by the city in order to maintain rigid sanitary controls."

Scavengers, represented by Al Serini, president, and Robert Hunter, auditor, had argued that the city could maintain control through ordinance, even though the company owned the site.

The scavengers finally agreed to

Urge Residents To Drive, Walk Safely On S-D Thursday

Safe-Driving day will be observed here next Thursday, December 1, according to Police Traffic Inspector Hank Sundermann. The city is aiming at achieving a no-accident record on that day, Sundermann said.

"Safety is everybody's business —and very serious business, too," the traffic inspector commented today. "The basics of safe driving and walking are simple enough but the important thing is that they be practiced every day."

Four basic rules were listed by Sundermann. They are:

1. Know and always obey all traffic laws and regulations.

2. Read and heed the "Signs of Life" traffic signs, signals and pavement markings placed for your protection. They spell the way to safety.

3. Slow down—take your time when road, weather or even your own physical condition is not perfect.

4. Stay alert—always expect the unexpected from all walkers and motorists. Protect others from their own mistakes by being your brother's keeper in traffic.

CONTINUING SCHOOL SURVEY STARTS HERE

A $25,000 county-wide continuing survey on schools is scheduled to get underway in the Jefferson Elementary district December 2.

Educators from Stanford University, which supervises the survey, will be here to confer with local school officials and obtain data for the study.

Cost of the survey, which will continue over several years, will be pro-rated among school districts, according to their assessed valuation.

Closed Hearing Is Held For Custodian

A closed hearing for fired Daly City employee Sam Valentino was held Wednesday night before the civil service board of review.

Valentino, 49-year-old custodian at the community center, was dismissed from his job three weeks ago by recreation director James Mason.

The custodian has still been working for the city on a temporary job away from the recreation department.

Although hearing was held for Valentino Wednesday, as per his request, it was still not known whether or not the employee wanted the hearing.

Says Not Notified

Tuesday afternoon he told THE RECORD that he was working and thought there might not be a hearing. He claimed he hadn't even been notified that a hearing was to be held.

Informed that Valentino claimed he had not been notifed, City Manager Howard Stites said, "That's up to the board of review. But he must know about the hearing. He asked for it and I just talked to him about it yesterday."

Asked if the proceedings could be called off since Valentino had been re-instated, Stites answered, "It is only a temporary job. We'll have to go ahead with the appeal proceedings, unless he withdraws his request, but we'd just as soon go ahead with the hearings."

Wednesday's hearing was scheduled to be closed, although Valentino could have requested

The Town Record

By MONTE DAYTON

Authoritative sources say Mrs. ALTA ANDERSON, 57-year-old Broadmoor woman indicted by grand jury Monday for abortion, was so composed about the whole thing that she didn't even cancel her dinner party Thursday at her home, 590 Washington street. We don't have a guest list.

BURT PERKINS, bus driver who started a charter transit line Tuesday for local parochial school students, thought his luck was bad when recently the state PUC turned down his application to operate in Broadmoor.

He started his new line Tuesday mainly to service the Holy Angles school which has been without transportation because the jitney operation has been restricted to Daly City.

Simultaneously with Perkins starting his route Tuesday, the state PUC granted the jitneys permit to operate in Colma, which means they'll now be able to service Holy Angels school, which also means Perkins' business will be cut in half, and another hard-luck story appears in the making.

This we gotta see: Mayor JOSEPH VERDUCCI and Councilman MICHEAL DE BERNARDI drummed up a real bet Monday at the Brentwood Lodge dinner meeting.

De Bernardi says he can kick four out of five field goals at a distance 15 yards from the goal posts, and Joe took him up.

Joe said he could spot Mick 10 points and beat him at badminton, and De Bernardi took him up.

The wager was scheduled to be carried off Wednesday, and the loser will buy dinners.

JOE BELLI, local grocetier and club man, is out of the hospital after having his larynx removed.

Joe can only "talk" with a pencil and paper now, but has already started training to learn to speak from his stomach.

Grand Jury Indicts Two On Abortion

Two women, Mrs. Alto Anderson, 57, and her daughter, Mrs. Mae Rodley, 38, were indicted Monday night by the county grand jury on charges of operating an abortion mill at a Broadmoor home. The mother and daughter are scheduled to appear in superior court for arraignment on Monday, according to District Attorney Keith Sorenson.

While both women are charged with committing abortion, Mrs. Anderson also is charged with two period convictions. Superior Judge Edmund Scott raised bail figures to $15,000 cash and $30,000 bond for Mrs. Anderson and $5000 cash and $10,000 bond for Mrs. Rodley.

Both women surrendered themselves Tuesday on the indictment and are now out on bail. Although the women had already been arrested, a jury indictment requires rebooking of suspects.

Seven witnesses appeared before the grand jury Monday night during a two-and-a-half hour session. Sorenson said witnesses were three Hilltop Cab company employees, three San Francisco police inspectors and a San Francisco housewife who claims to have been the victim of an abortion performed by the two women.

The cab company employees, Joseph Hendrickson, Oscar J. Mooneyhan and Robert J. Sillicani, became involved when the housewife testified that she was transported to the Broadmoor residence

'Heart Examination' Proves Expensive For Local Man

A 90-year-old man, proud of his physical condition, was minus $25 this week after he allowed a fast-talking "chiropractor" to listen to his heart. Victim of the con game was Servin Eidrup, 134 Woodrow street.

The incident occurred Thursday noon when Eidrup was hailed by a stranger on Vista Grande avenue and asked if he knew a man named "Breuster" in this city. The stranger told the 90-year-old man that he was a chiropractor and that he had forgotten the address of his patient.

As the conversation progressed, the alleged chiropractor asked Eidrup his age.

Eidrup proudly admitted to being "over 80," police said.

"May I feel your heart?" the stranger asked.

Eidrup agreed. The stranger commented on Eidrup's good condition, and left. Not until later did the victim realize that his wallet with $25 included was missing. Only description police have is that the "chiropractor" was dark and wore a white shirt.

Alleged Forger's Arrest Follows DC Bartender's Quick-Thinking Action

Action by a quick-thinking bartender Tuesday night resulted in the arrest of a San Francisco man wanted for cashing fictitious checks in South San Francisco. The bartender, Dave Franzoia, of Gino's club, 7123 Mission street, said he became suspicious when a customer acted strangely in trying to cash a check.

Franzoia called local police who arersted Harold Ortel alias Oertel, 30, 100 Buena Vista avenue, San Francisco. Ortel was transferred to South San Francisco police the same night.

GRAND JURY TO PROBE $20,000 SANITORIUM LEAK

William Degliantoni of Daly City, member of the San Mateo county grand jury, is spearheading investigation of a leaky roof at the county tuberculosis sanitorium that will cost $20,000 to replace.

The grand jury is expected to hear a report on the alleged scandal at their meeting Monday night.

Degliantoni, himself a roofer, heads a committee made up of James J. Smith of Redwood City and Joseph A. Bettancourt of San Bruno.

"We've reached no final decision," said Degliantoni. "All we know is that the roof leaks like a sieve. There are four or five persons involved in the project. We just want to give it all a thorough going over."

The contractor, the board of supervisors, County Manager Robert Stallings and Building In-

School Officials In Capitol For Hearing On Ben Franklin Job

Superintendent H. Z. Weibel, Architect Mario Ciampi and Business Manager David Shapiro of the Jefferson Elementary School district were in Sacramento Wednesday for the hearing on bids for Benjamin Franklin school additions to be held before the local allocations board, department of finance.

The three local representatives were scheduled to be on hand to supply any information sought by the allocations board on the $709,000 Benjamin Franklin school additions.

SOUTH CITY WILL QUIZ MCKEON ON BUILDING PLANS

Builder Chris McKeon, who plans to construct a 4000-home subdivision southwest of Daly City, will meet with the South San Francisco city council at a special meeting on December 5. Mayor Telford Smith said today that the meeting will give the council an opportunity to question the builder on his plans for the area.

"After hearing McKeon, the council will better be able to decide on whether annexation of the area would be advantageous," Smith explained.

The mayor denied reports that South San Francisco was definitely interested in annexing the land.

Meanwhile, Daly City officials have taken no action in McKeon's direction. City Manager Howard Stites reported today that annexation of the subdivision to any adjacent city is impossible until after the Northgate election in January.

Hillside Garage Fire Damages Equipment

Fire did an estimated $700 damage to equipment in a garage at 1054 Hillside boulevard Sunday night.

Totally destroyed was a pickup truck and partially damaged was a mixer parked in the building, which is owned by William Lagomarsino. The vehicles belong to a cement contractor.

Sgt. Gale Galusha of Broadmoor police department, who investigated the premises, said door of the building, generally locked, was ajar. He speculated that some one had entered the garage to siphon gas and had ignited some of the spilled fluid. The Colma fire trucks with 15 men had the fire under control in one hour.

Lagomarsino said the building and equipment were insured.

Dykman Tells Of Threats By Santa Cruz County D.A.

Melvin R. Dykman of Daly City, 32, former chief deputy to Santa Cruz county district attorney Charles L. Moore Jr., charged Tuesday that Moore had threatened him by telephone.

MELVIN DYKMAN
...Santa Cruz Hubub

Dykman, native Daly City resident who was hired by Moore on January 2, submitted his resignation in September, along with three other of the district attorney's aides.

Moore, 28-year-old prosecutor facing trial for willful and corrupt misconduct in office, reportedly made threats by telephone Monday night to Dykman.

Dykman's law partner, Richard Pease, overheard the conversation.

"Take Care Of Me"

Dykman told Harold Robinson, chief criminal investigator of the state attorney general's office, that Moore said "some of his friends want to take care of me."

Dykman related further that Moore had said, "He was holding them off."

Dykman declared he asked Moore who the "friends" were.

"He said he did," Dykman reported. "He told me I had better stop talking.

"I asked if this was a threat.

"He said I had better keep my mouth shut."

Charter Bus Service For Parochial Schools

A private transportation line which will serve some 300 children attending Holy Angels and Our Lady of Mercy parochial schools made its initial run Tuesday.

Operator of the one-bus firm is Burt Perkins, who earlier had applied to the state utilities commission for certificate to operate a shuttle bus from Broadmoor.

Th parochial school line, however, does not require UC sanction since it is not a public service, and only for the parochial school children.

Cost of the service will be borne by parents, who will be able to purchase 10-ride books for the children at a cost of $1.

The run is expected to be operated throughout the school year, if it proves profitable.

Following is the general route and starting times for the bus: Leaves South San Francisco, 7:20 a.m.; Hickey Blvd. and El Camino, 7:25 a.m.; Holy Angels school, 7:35 a.m.; School and Mission streets, 7:40 a.m.; Sheffield and Westdale, 7:45 a.m.; Our Lady of Mercy, 7:50 a.m.; 87th and Washington, 7:55 a.m.; Holy Angels school, 8 a.m.; 87th and Village Lane, 8:05 a.m.; Our Lady of Mercy school, 8:10 a.m.; Knowles and Mission, 8:15 a.m.; Holy Angels school, 8:20 a.m.

The run has been divided into three routes, as follows: Route 1—South S. F. to El Camino, Hickey boulevard, Junipero Serra, San Pedro road to Holy Angels school; Route 2—Holy Angels school, San Pedro, Market, Hillside, Moltke, Mission, School, Junipero Serra, Alemany, Sheffield, Westdale, Cliffside, Alemany, Dorchester, Elmwood, to Our Lady of Mercy school, Southgate, Westfield, Stoneyford, 87th, Washington to Holy Angels school; Route 3—Holy Angels school to Junipero Serra, 87th, Sullivan, Village Lane, 87th, Maddux, Southgate, Elmwood to Our Lady of Mercy school, Dorchester, Alemany, Knowles, Mission, San Pedro to Holy Angels school.

Afternoon routes will be in the reverse order, with No. 3 first, No. 2 second and No. 1 last.

Up to now, children of Holy Angels church have been without transportation, since the jitneys are unable to operate in unincorporated San Mateo county.

PARKING TACTICS RESULT IN ARREST FOR LONGSHOREMAN

A Daly City longshoreman was charged with drunk driving Friday night after police said they watched his apparent poor attempt at parking on Mission street. Scheduled to appear in municipal court Thursday was Edward Francis McLaughlin, 666 Hanover street.

Officer Gerald Schaeffer arrested the longshoreman at Mission and Hillcrest. According to Schaeffer, McLaughlin's car struck and knocked an ashcan against the Daly City cab company office while parking his car. McLaughlin fell to the sidewalk when alighting from his car, the officer reported.

A sobriety test at Junipero Serra hospital proved positive.

McLaughlin was released on $250 bail bond.

ARREST SALESMAN ON CHARGES OF RAPE, ABORTION

A local drug salesman was arrested here Thursday and booked en route to Hayward police on charges of rape, assault and abortion. Released to Hayward authorities the following day was John Potts, 40, 130 Crestwood drive, apartment 8.

Arresting officers were Gerald Schaeffer and John Brooks, who found Potts in bed at his apartment after first being told he was not home by Mrs. Potts. The policemen said they became suspicious when they spotted Potts' auto in the car port behind the apartment.

Local police could furnish no other details on the charge except that complaint was made by Nadene Gray, 15211 Washington street, San Lorenzo.

an open session had he so desired. When contacted about possibility of asking for an open hearing, the city employee said, "I'm not sure if I want it open."

"All I Ask"

"All I ask," Valentino continued, "Is that I retain civil service status and my job with the city. If I keep my job, I don't want the hearing."

Harry Bosberry, chairman of the civil service commission, said Tuesday that the hearing should be closed "because of the nature of the matter."

Valentino, a city employee for two years, was fired for "insubordination and his disturbing influence on other employees."

The custodian claimed his firing was not justified, and issued a long list of counter-charges against Mason. Later Valentino withdrew the charges. Stites says the whole matter is merely one of "incompatibility" between Mason and Valentino.

a municipally owned site, which would be paid off on a long-term basis through rental of the land to the scavengers.

In return, the garbage company will be granted a franchise of approximately 20 years, with an escalator clause providing for higher rates, which could be renegotiated every five years.

'Specifics can be worked out later, as long as we agree now on general policy," said Mayor Joseph Verducci.

The council was unanimous for maintaining city control over the site through ownership.

Price set on the land is $58,000, but the city hopes an appraisal now underway will bring in a lower figure. If the owner refuses to sell at any price under his original offer, it is believed the city would proceed with condemnation, once the land is annexed to Daly City. Annexation proceedings were started at last week's meeting.

Degliantoni termed the roofing project "A bad job from start to finish. But the job was accepted. We're trying to find out why."

Supervisors recently awarded a $7111 contract to Alta Roofing Co. of San Francisco to begin repair of the roof, completed in 1950. This will be only first segment of the expenditure, according to county building director Henry Tarratt. At completion, the job will cost around $20,000.

Tarratt said "The trouble could have been avoided if the specifications had been reviewed more carefully, inspection of the work had been more positive and the workmanship of a higher grade."

Investigation into the alleged abortion practice is continuing, Sorenson said today. The district attorney revealed that medical and surgical instruments, found at a Skyline boulevard house near Woodside, have been found and confiscated by his investigators.

The Skyline house is owned by Joe Mitchell, ex-convict who rents a room in Mrs. Anderson's Broadmoor residence. Mitchell has denied any knowledge of the surgical equipment, Sorenson said. The district attorney added that he does not plan any action against Mitchell "at the present time."

Dykman Tells Of Threats By Santa Cruz County D.A.

(Continued from Page 1)

City resident, the threats came after he had called Moore and asked that he explain a comment that reflected on Dykman's honesty.

Puzzled At $1,000

Moore was quoted in the Watsonville Register-Pajaronian as stating he was puzzled that Dykman had managed to accumulate a $1000 savings account.

According to Dykman, Moore told him, in attempting to explain the remark, that he was forced to fight hard because he was afraid he would be sent to San Quentin as a result of the current investigation by the Attorney General into alleged gambling pay-offs in Santa Cruz county.

Dykman was born and raised in Daly City and is the son of Mr. and Mrs. John Dykman, 196 Wellington avenue. After passing the bar examination, Dykman served briefly with the legal firm of Blum and Gallen in Daly City. On January 2 he received the appointment in Santa Cruz county.

GASOLINE MIX-MASTER

One of the most complex and precision-made parts on your car is the carburetor. It does the exacting job of mixing gasoline with air in just the right proportion. This combustible mixture is drawn into the cylinders and ignited by the spark plugs. Because the jets and orifices of the carburetor must be clean and adjusted properly for maximum efficiency and performance, it is necessary that the carburetor be serviced regularly. Have this done at least twice a year by a carburetor expert, advises the California State Automobile Association.

IT'S NOT THEIR JOB TO INFORM

"The Jefferson Journal," a publication sent home to 5000 parents of the Jefferson Elementary School district last week, sets a dangerous precedent for expenditure of our money.

The "Journal" is listed as being published by the Jefferson Elementary School district and the only name in the staff box is that of the district school superintendent. This means then that the publication is paid for by the electors of the district, and yet it is written, or at least edited and supervised, by the district superintendent.

A parallel situation would be for the councilmen of the City of Daly City to publish, with city funds, a circular in which they could explain and justify their policies and politics.

Regardless of all protestations of innocence which the school administration could make on behalf of its publication, it still is ipso facto a threat to our concept of public information that the elected and paid officials should not be in the position of deciding what the citizens should and should not know.

Cost of the "Journal" is only miniscule ($200 per issue) when compared with other district expenditures, but that does not detract from its potential danger. The unsavory principle is still there —the taxpayers of the district are shelling out their own money so that elected officials and employees hired by these officials can propagandize their own actions through the medium of a tabloid sent home with the school children.

The first edition of the "Journal" gave notice that there would be more than objective reporting in future issues. There was included what amounted to an editorial statement by the district superintendent.

We may concur in full with what he had to say, but we hold that he does not have a right to say it, or make any other subjective commentary on district functions, through the medium of a newspaper paid for by patrons of the district.

A publication of this type could be a valuable organ to augment news on school activities published in local newspapers, but the financing, publishing and editing of such an organ should be under an organization like the PTA or other presumably disinterested parties. Funds should come from private sources, so that readers would be cognizant that any opinions expressed in the publication were solely those of the publishing organization.

The "Journal" under the present publishing set-up, infers that comments made in its columns are opinions and policies of the district, which is tantamount to meaning those of the taxpayers.

Such should not be the case. The "Jefferson Journal" proclaims that it is "To Keep The Public Informed."

That is not the responsibility of the Jefferson Elementary School district, its trustees or administrators. They must help inform the people and give them access to information, but they are not granted license to say how they should be informed.

Coastsiders Say Operation 'Eyesore,' Promise To Protest

County approval on Daly City's attempt to annex some 80 acres of coastal land for a municipal dump was postponed to December 1 last week by the boundaries commission.

But Daly City Manager Howard Stites says the city will probably proceed with setting date for public hearing on the annexation.

"The only thing the boundaries commission can do is alter the boundaries," the manager revealed. Commenting on a report of widespread coastal opposition to the annexation, Stites declared, "Coastside people have nothing to say about it because their area is not affected."

A Coastside newspaper termed Daly City's attempt to place the matter before the boundaries commission a "sneak scheme."

However, Stites explained that the city asked immediate action on the matter because the Daly City Scavengers are currently dumping on the Zanone property on a 30-day revocable lease. Daly City plans to develop some 74 acres of the coastal land, extending from Westlake to Mussel Rock, as a fill and cover dump.

According to Stites, the boundaries commission delayed action because they had not yet received report from the county engineer.

Although some Coastside sources claimed that Daly City would have to go before the county planning commission to secure use permit for a dump site, City Attorney Frank Blum said the county planning commission at present had no jurisdiction at all over the annexation proceedings.

It is reported that a group of 139 Coastsiders, led by developer Earl Sidelle, have petitioned against the annexation, claiming that the dump would "desecrate beautifully scenic Mussell rock, invade the Coast's front door, depress real estate, and constitute an eyesore." The annexation also poses a threat to the coast's hopes for eventual incorporation, a report said.

Daly City's annexation plan was labeled a "dirty trick."

A committee is purportedly being forced to fight the annexation with a "vast petition campaign."

SHOWINGS OF CANCER FILM SET NEXT WEEK

American Cancer Society film, "Breast Self-Examination," will be shown at two local theaters next week free of charge. On Tuesday the movie will be at the Sea-Vue theater, while the Serra theater will present the educational film on Wednesday. Both showings will begin at 2 p.m.

An additional showing, for those women who can not attend an afternoon presentation, has been arranged for Thursday, December 1, at 8 p.m. at Jefferson Union High school.

STOLEN VEHICLE FOUND IN B'MOOR

A 1949 convertible stolen from Serra Theater parking lot on Junipero Serra boulevard Saturday between 7:30 and 11:30 p.m. was recovered early Sunday morning by Broadmoor police officer Merrill Baxley.

Baxley found the car, belonging to Richard T. Landry, 1275 Union, San Francisco, at the corner of Sweetwood drive and 91st street in Broadmoor.

JUNIOR SIZE "ex-officio" member of Daly City unit No. 410, American Legion auxiliary, Nikki Lynn Chauses, helps fill a stocking to be donated to a veteran's child. With Nikki Lynn are Mrs. Betty Simonsen, first vice president, and Mrs. Jean Chauses, sergeant-at-arms. The Christmas project is one of the many activities carried out by the legion auxiliary unit throughout the year.

THE RECORD photo

Legion Unit 410 Is One Of City's Oldest Groups

Editor's note: This is the first in a series of articles on local women's organizations. THE RECORD will feature each women's club listed in our files in alphabetical order.

The 114 members of Daly City unit No. 410, American Legion auxiliary, will celebrate the 25th anniversary of their founding in March of next year. It is noteworthy that many of the original members are still active in the auxiliary today.

During the first year of its existence, the unit participated in colorful dedication ceremonies held at Jefferson Union High school. Original colors were presented by the late Daly City pioneer, John Marchbanks.

The local unit carries out an imposing list of projects throughout the year besides meeting on the first and third Wednesdays of each month.

"Americanism"

First on the list of activities is a program of "Americanism," which entails promoting essays on the subject in district schools, presenting colors at various civic functions, and many other projects.

Secondly, women of the auxiliary busy themselves with child welfare and community service. Unit philanthropies are not limited to veterans' children and families, but that all in need are eligible. The women gather food and clothes for unfortunate families, plan hospital parties, and gather hundreds of books, magazines, cards, puzzles and other articles for distribution in hospitals.

Education is another key word in the Legion program. Members are expected to devote time to the "help and education of children of disabled veterans."

Girls' State

Another phase of the education program is Girls' State, which enables a Jefferson Union High school co-ed to gain valuable knowledge of California government by spending a week in Sacramento.

Still another activity of the Legion is the "Legislative-National Security-Pan American" study, which, according to Mrs. Catherine Foreman, means just what the name implies.

Special yearly Legion event, which is probably most familiar to the public, is the May sale of the red crepe paper poppy, official flower of the American Legion. Disabled veterans are paid for making the poppies, and 40 per cent of proceeds from the sale are turned over to the Legion department of California for use in philanthropic projects.

Rehabilitation

Another phase of the Legion program is rehabilitation, which entails giving help and care to veterans and their families both in hospitals and in their homes.

Two last projects of the organization are membership and fund raising. All prospective members are invited to become acquainted with the group because, it is pointed out, that without members there is no organization. Fund raising is done by holding whists, cake sales and other activities.

Recent program of the unit has involved the holidays. Four or five families were recipients of Thanksgiving baskets, while $100 worth of gifts were donated to the gift shop at Palo Alto hospital. The Christmas gifts are given free of charge to veterans and they, in turn, foreward the presents to their families. Unit women also wrap and send the gifts for the veterans.

Officers in the Daly City unit are, Mesdames: Marie Miller, president; Betty Simonsen, first vice president; Patricia Dawe, second vice president; Margaret Rector, secretary; Rose Jorney, treasurer; Margaret Kenney, chaplain; Ann Welsh, historian; Jean Chauses, sergeant-at-arms, and Lillian Felch, marshall.

N. COUNTY HEALTHY DURING LAST MONTH

Communicable disease was at a surprisingly low level in northern San Mateo county for the month of October, according to morbidity report released today by San Mateo county health department.

For the Daly City area there was one case each of tuberculosis and meningitis. In Sharp Park area, there were single cases of measles, mumps and tuberculosis, while in Linda Mar, three cases of measles, one of mumps were reported.

LETTERS TO THE EDITOR

Former Trustee Tells Conclusions On Schools

Dear Editor:

I would like to supplement a letter written by a Mrs. Beck and printed in your paper a few weeks ago, referring especially to the items on "responsibility, etc."

Regardless of the complicated replies to the myriad questions asked by citizens of the district, the answers are fundamentally simple, to begin:

The school board is entirely responsible to the school district for:

1. The educational philosophy of the district.
2. The teachers, their abilities, etc.
3. The administrator.
4. The physical plant (buildings, building program, etc.).
5. The equipment, for physical maintenance and education.
6. Any and all expenditures of the district.
7. Seeing to the prime objective —that the taxpayers are getting their moneys worth at $537.32 per elementary school pupil.
8. Results.

There is no debate or wonderment about this. It is simple. After six years in the thick of it all—and a few prior as an observer—I have reached a few conclusions of my own concerning the facts just listed in the same order:

1. Seldom discussed—never established.
2. Due for revolt unless freed from "snoopervision" — coordinators coordinating the coordinators ad infinitum, plus directives from the "central office" and/or "Kremlin," plus no one to go to when they really need an answer.
3. Might do a better job easier if not so far from the business, that is the teachers, the pupils, and the plant.
4. About right considering all the red tape.
5. More than utilized.
6. Ample for requirements.
7. Fair, considering attention given precisely to it.
8. No great thing because of lack of unanimity on board—with no agreement or spirit to set a pace and pattern for progress and success.

The voters should elect more than one or two members to do all the thinking and talking and stop electing so many wistful dreamers.

It is that simple.

Sincerely,
Helen M. Cheatham

Armed Bandits Rob Sailor And DC Girl At Thornton Beach

An 18-year-old sailor was forced to turn over $45 to a pair of thugs in an armed holdup Saturday night at Thornton Beach. Victim of the theft, Wilburn Baye of the U. S. Naval shipyard at Hunters Point, and his Daly City girl friend were driving south on Coast highway when a man flagged them to stop.

Bayne told police that when he stopped the car at the signal of the first robber, a second man appeared and thrust a gun through the window on the driver's side of the auto. The sailor was then ordered to drive down to the beach.

He said that one of the thugs jumped on the running board on the drivers side, while the other rode down to the beach on the running board near the girl, Diane Frost, 16, 41 Muirwood drive.

The sailor was then ordered to throw his wallet on the ground and the girl told to hand over her purse.

Before leaving, the holdup men were reported as lifting the hood of the sailor's car and cutting the gas line. After the thugs left, Bayne and Miss Frost walked to the highway and flagged a passing motorist who transported them to police.

Local Police Officer John Coleman said that the gates to Thornton Beach were left unlocked on both Friday and Saturday nights. Earlier last week, the state division of beaches and parks announced that gates to the area would be locked daily from 5 p.m. to 9 a.m.

Attorney's Kin Dies, Filing Of Northgate Appeal Is Delayed

A death in the family of Attorney Antonio Gaudio has delayed filing of a writ of review asking superior court to examine action of county supervisors in reducing boundaries of the proposed city of Northgate.

Gaudio, representing the incorporation group, was expected to file the writ last week, asking the court to review the board's decision, which Gaudio maintains was invalid because of the vote of Supervisor Thomas Callan Sr. of Colma. Gaudio said Callan's son, Thomas Jr., owns $100,000 interest in the Zanone land, which was excluded from the incorporation boundaries in the disputed action by the supervisors. Gaudio holds that Callan Sr. therefore was ignoring public policy in voting on an issue that held "substantial" interest to his son.

Gaudio's secretary said that the attorney would take no further action on the Northgate issue this week, but would probably file the writ next week.

Broadmoor, Colma Boys, 13, Run Away Two Days In A Row

Two 13-year-old Colma boys ran away from home two days in a row last week, but only managed to get as far as San Bruno and Palo Alto, respectively.

Broadmoor Police Chief Ray Savage said the two eighth graders, one from Broadmoor, the other from Colma, failed to come home from school Wednesday afternoon, but were found a few hours later in San Bruno.

Thursday it was the same story, as the boys' anxious parents notified police at 4 p.m. that their youngsters had not returned from school. An all-points-bulletin was issued, and at 2:30 a.m. Friday the youths were picked up wandering along El Camino highway in Palo Alto.

Savage said the youngsters had been having trouble at home.

Thanksgiving Story; Woman In Hospital 2 Years Now Home

Kathleen Sifford, 36-year-old Broadmoor woman who was hospitalized more than two years ago with third degree burns over 80 per cent of her body, came home yesterday in time for Thanksgiving.

The woman returned for the first time to her home at 1034 Gilman drive.

On hand to greet her were her Mother, Mrs. May Cox, and oldest daughter, Sandra, 11.

Mrs. Sifford received critical burns on July 26, 1953 when a book of matches ignited, catching her night gown on fire.

She has been hospitalized since that time and has been undergoing extensive medical treatment. She will continue to receive medical care, but will be able to reside at home.

Mrs. Sifford's two other daughters, Linda Sue, 4, and Vonda Lin, 3, are living in the south but are expected to be home with their mother by Christmas.

DC FIREMEN TO SPEARHEAD MS CAMPAIGN HERE

The Daly City fire department, under direction of Chief Elmer Kennedy, has placed contribution cannisters in every store and business house in Daly City. For the muscular dystrophy campaign.

"We would like to tell you about the many children and adults in Daly City who are doomed to death unless you come to their air," said Kennedy.

"These are victims of muscular dystrophy, most of them children for whom the future holds only years of crippled helplessness and an early death unless a cure is found. Muscular Dystrophy Association of America is sponsoring scientific research to find a cure through a program by public contributions," the chief continued.

"The Muscular Dystrophy Association is not a member of the United Crusade and therefore does not receive funds from that source. The fire fighters of the nation have and will continue to sponsor the fund-raising campaign for muscular dystrophy," Kennedy explained.

What Is Bill? "Y" Members Learn Law

What is a bill and how does it become law?

Few adults know the correct answers, but members of the YMCA high school clubs all over California are getting a working acquaintance with these and other legislative procedures in the "Y's" yearly training course of Youth and Government.

At a recent meeting at the College of the Pacific in Stockton, 400 delegates from Northern California Hi-Y and Tri-Y clubs elected officers for the Legislative Assembly to be held at the capitol in Sacramento next Spring. Gail Weidman, a senior of Abraham Lincoln High and a member of the Golden West YMCA, was elected chaplain. She was the only successful San Francisco candidate for office in the model government.

VETERANS MAY GAIN GI LOANS WITHOUT ORIGINAL DISCHARGE

A war veteran who applies for a GI loan but has lost his original discharge may obtain a certificate of eligibility from the Veterans Administration by submitting a photostatic or certified copy of the discharge or separation document instead of the original.

This alternative, according to Floyd D. Granger, veterans service officer, marks a departure from long-standing VA policy that only the original discharge document, or a certificate in lieu thereof from the military authorities, was acceptable in obtaining a GI loan. The VA has in the past always stamped the discharge to show that a certificate of eligibility had been issued.

"Such substitute documents," Granger said, "must be accompanied by a certification, made and signed by the veteran on his request for eligibility, that his original papers have been lost or destroyed.

The place to apply is the Veterans Service office, Courthouse, Redwood City.

NAC Reports Strange Episodes In History Of The Farallone Islands

Get up on a high hill in or around San Francisco on a clear day, peer out across the Pacific Ocean, and you're almost sure to see out there on the horizon the Farallone Islands rising from the sea. Deriving their name from the Spanish word meaning "small pointed island," the Farallones comprise a southern group of seven islands and, almost eight miles away, a less important northern group.

This little group of islands to the west of the Golden Gate, according to the National Automobile Club, has had many a strange and dramatic episode in its long history. Under the supervision of the Lighthouse Service since 1855, the islands serve as the seat of one of the first and most important light stations on the Pacific Coast. They are also the seat of a geodetic station, one that provides us with valuable data on the movements along the great San Andreas fault.

At an earlier period the islands came to the attention of the Russian colony at Bodega Bay and Russian fur sealers moved out to them to take more than 200,000 fur seals in three seasons. Such was the slaughter that the fur seals left the islands and have only returned in very small numbers since.

Back in 1849 and in the early '50s, when the gold seekers flooded into San Francisco, the islands played an important part in supplying food to the city. At that time an egg brought anywhere from one to three dollars, and some enterprising poachers went to the islands to collect the large, tough-shelled, and fairly tasty eggs of the murres. Armed with shovels and wearing large coats with many pockets to hold the eggs, the poachers swept over the islands picking up every egg in sight. In 1853 one ship came back to San Francisco with twelve thousand eggs collected in two days!

At another time, the rabbits passed by an English captain to the keeper of the light on the islands multiplied so rapidly that they ate all the feed the islands could grow, and then proceeded to die of starvation.

There's always been something of interest going on on the far Farallones.

Business Law Class Opens At Jeff Dec. 1

F. Jose de Larios, attorney at law, will be the instructor in charge. The exact nature of the course and its length will depend upon the group enrolling. NAVY NOW PERMITS ALIEN ENLISTMENT

A modification to citizenship requirements for enlistment in the regular Navy or reserves now permits enlistments of aliens under certain conditions. The announcement was made to all Navy recruiting offices recently by the Navy department.

An alien who presents written evidence that he has made legal declaration of his intention to become a citizen of the United States is now eligible for enlistment. Navy recruiters are required to sight U. S. Department of Justice Immigration and Naturalization Service Form N-315, "Declaration of Intention," as lawful evidence. According to local Navy representatives, this new ruling will permit enlistment of many young men who have previously been turned down and denied the right of service in the U. S. Navy.

The Navy desires all men previously rejected and who qualify under this new ruling to reapply at the local Navy recruiting office.

Honeywell And Cohorts Top Menlo, 13-0, For Fifth In Row

With Jim Honeywell almost monotonously excellent, Jefferson High school forged its fifth straight Peninsula Athletic league win Friday by scoring twice in the final quarter to top Menlo Atherton, 13-0, on a dark viscous field that hampered both teams' offenses.

Honeywell scooted for both the TDs, recovered a fumble that set up the first score, passed for 77 yards, ran for 62, and otherwise established himself as far and away the league's best quarterback and likely candidate for All-Northern California honors.

Story on yesterday's traditional Jefferson-South San Francisco football game is not included in this week's paper, because of an early publication date necessitated by the Thanksgiving holiday.

THE RECORD will carry a run-down on the contest next week, along with highlights of the past season.

His offensive total pushed his season figure to 1154 yards gained, one of the top prep marks in the state.

Both teams slogged through three periods and it was only when the Bears fumbled that Jefferson had their first scoring opportunity.

Fumble On Three

In the fourth period Bill Hilton fumbled on the three, and Honeywell came rushing to glom on to the pigskin. Three plays later Honeywell went over for the game's initial score.

Following a punt, the Indians drove 54 yards in 11 plays to tally again, with Honeywell skirting left end from eight yards out with only 28 seconds remaining on the clock. Two passes to end Tom Cloutier had accounted for 24 yards of the sustained Jefferson march.

The Bears opened up a flailing passing attack in the closing seconds, but best they could do was connect for 14 yards.

The Menlo club was playing without services of 10 of its top performers, suspended the previous weekend for "disciplinary reasons."

Play Wide-Open

Despite the adverse elements, Coach Joe McGrath allowed Honeywell to direct a hell-bent-for-election type game, as the Jeff QB passed 15 times, completing six for 75 yards. Honeywell ran twice on punting situations, breaking loose on one occasion for 30 yards, the game's longest run.

The Bears made only 23 yards rushing, only one first down, and 16 yards passing, for a net offensive total of 39 yards, probably their most dismal effort this season.

Honeywell's top pass receiver Friday was Ted Amirkhan, who snared three for 38 yards. Lee Casentini had one for 13, and Tom Cloutier two for 24.

Second to the Indian quarterback in rushing was Jerry Howard, with 27, followed by Tex Prentice, 22, and Ron O'Rourke, 18.

Following are Peninsula Athletic league football standings through Friday, November 18:

SF MAN, ARRESTED IN LADIES ROOM OF BAR, PLEADS GUILTY

A 38-year-old San Francisco bookkeeper who was arrested November 8 in the ladies' room of a local bar, pleaded guilty in municipal court Tuesday to a drunk charge.

Harry Wagner, 1020 Post street, San Francisco, was fined $25 by Judge Thomas L. Bocci.

DRUNK DRIVING ARRESTS

The California Highway Patrol made 6,842 arrests for drunk driving during the first eight months of 1955, reports the National Automobile Club. This figure represents an increase of 725 or 11.85 per cent over that for the first eight months of 1954.

Scouts Sell Wreaths

Broadmoor Boy Scout Troops 84 plans to sell Christmas wreaths throughout the Broadmoor area this year as one of their projects, according to Gordon Feist, Scoutmaster. Members of the troop will call at each home with the wreaths about two weeks or so before Christmas, hoping to be the first to supply the decorations for family front doors, he said.

Feist added that he hoped those who learn of the project will mark it down on their calendars and remembers that Troop 84 will be providing this service.

CHP OFFICER TELLS NEW VEHICLE LAWS

Many motorists have failed to realize the changes in the vehicle code" according to Captain J. W. Kennedy, commanding officer of the California Highway Patrol's Redwood City Area.

"Section 525.1 of the vehicle code," said Captain Kennedy, "is particularly stressed in an effort to avoid the congestion caused by drivers who drive at reduced speed."

The code requires any vehicle driven on a highway, at less than the normal speed of traffic, to be driven in the right hand lane nearest the right curb or edge of the roadway.

In addition, section 514 of the vehicle code states that no person shall drive upon a highway at such a slow speed as to impede or block the normal and reasonable movement of traffic, except when such reduced speed is necessary for safe operation.

Verducci's Gators Mired In Mud, 32-0, By Cal Poly 'Horses'

Homecoming at San Francisco State college was marred Friday as Coach Joe Verducci's Gators ended up the season as 32-0 shortenders against Cal Poly.

The Mustangs, able to muster only six points the first half, busted loose three times in the third period and once in the fourth to bury SFS hopes.

A muddy field made the first half a game of punt exchanges.

State moved to the enemy 39 after a fumble recovery by Phil Roark for the deepest penetration by either team in the initial half, except for Cal Poly's second period touchdown. Bob Rodrigo boomed for 35 yards around end to the Poly 10 in the second quarter, but an illegal use of hands penalty called back the Gators' best run.

The Mustangs gained a total of 219 yards, against 41 for Verducci's club.

Vince & Fred Holds Bowling Lead; Take Three From Paul's

Vince & Fred stayed on top the Daly City-Colma Bowling league Tuesday night at Brentwood by sweeping three games from Paul's Flowers.

Tony Santos whacked the pins for a 246 to again set the pace for season high game.

Once cellar-dwelling Starway assumed the role of giant-killers for the night when they won four games out of six, playing a make-up match with Paul's Flowers and a regular contest with Luce Meat, taking two from each opponent. The comeback moved Starway into third place.

Westlake Homes, behind Hank Amstutz 547 series, remained in second place with a double win over Brentwood Lodge.

Finish First Round Of Colma Soccer Play

First round of the Colma intramural soccer program closed last week, with Buccaneers and Rams leading the seventh grade American and National league, respectively, while the Hepcats and Alley Cats pace the two eighth grade divisions.

The league is composed of one team from each home room in the 24 seventh and eighth grade classes.

FOOTBALL'S "BODY" STILL WARM BUT CAGERS ACTIVE AT JEFFERSON

Football's "body" is still warm but they aren't waiting for its interment at Jefferson High school as 100 hopeful hoopsters pounded the gymnasium floors this week before the discerning eye of basketball coach Mike Orlich.

Official sign-up will be held next week and Orlich is expected to improve his stock a good deal with the reporting of the athletes who were still bumping heads in football this week.

The Orlich-coached club finished third last year, but coach Mike says he is "very optimistic" that their position in the PAL will improve this season.

Right now Orlich can throw an aggregation on the floor that will have as its shortest man a six-footer. He is Darrell Hutchinson, a regular performer last year. Other candidates for starting positions on the Indian varsity are Ray Schultz, Larry Pottenger, Bill Curtis, Jim Honeywell, Ray Vuillemainroy, Terry Ferris, Del Mar Scott, Steve Canty and Bob Comstock, a transfer from St. Ignatius.

Ferris looms highest in the stratosphere, at 6'8".

The Jefferson cagers open practice play December 6 at Tamalpais, and travel to the Hayward Invitational tournament on December 9 and 10.

Altogether, the Orlich club will have 12 practice games under their loin-cloth before the PAL season opens January 6.

Coach Tony Giamona will again tutor the 30s club, which wound up second in league competition last year.

Two For Tonight

By Leonore Brewer

Dropped into the Telenews on Market street the other afternoon, where Walt Disney's "The African Lion" has opened its local engagement. Alfred and Elma Milotte, among the world's foremost photographers of wild animals, lived in Kenya, Tanganyika and Uganda for almost three years during which time they traveled more than twice the distance around the globe, filming the wild game seen in this latest True-Life Adventure.

"Lion" has all the animals you could possibly want to see—zebra, impala, elephants, giraffes, hippos, a few birds, several members of the cat family and in the tradition of the True-Life Adventure series, nary a human being in sight.

A leopard pouncing from a tree on an unsuspecting wildebeest, a gazelle in a fruitless flight for life from a pursuing cheetah, female lions hunting in pairs or trios and dragging home the night's supper, trailed by a group of hungry hyenas and jackals illustrate the deadly law of life—eat and be eaten, kill and be killed.

Family Life

However, lions aren't always busy with deadly chores. There are several interesting shots of the pride enjoying quiet hours of family life, with the cubs being mothered by the nearest female, one giant puss sharpening its claws on a convenient tree and a laughable scene in which every lion in sight sprawled on his back, dozing through the shimmering heat of the noonday sun.

Some footage is devoted to the plight of a rhino trapped in the mud at a water hole. So far as the film is concerned, the rhino is left to his fate, with only a baboon seeming to care much one way or the other. However, you may be interested to know that the Milottes and a park patrol officer were not as indifferent.

With the aid of ropes attached to the truck and considerable effort on their part, they finally rescued the hapless creature. The notoriously short tempered beast reacted as many a human being has to his benefactor: Instead of being grateful for having been rescued from a sticky fate, he became confused and charged the Milottes and their truck, apparently with the idea in mind of punishing them for the pain and fear he had suffered.

Elephants Important

As the camera moves throughout the lion's domain, watching the other inhabitants of this animal empire, it focuses on many featured players and extras by the thousand. Elephants have important roles as do hippos, and there are innumerable scenes of the young, always endearing no matter how homely they may grow up to be. Great migrations of animals in search of water and green pastures stream across the screen and a huge cloud of billions of locusts shines golden in the sunlight.

But in the end it is the lion who is the chief actor. Sometimes Majestic, sometimes moth-eaten, sometimes playful, sometimes deadly, but always king.

If you happen to be one of those canny folk who switch the light out each time they leave a room for a few moments, you'll probably be delighted with the latest development in these highway billboards. Now, according to the National Automobile Club, the engineers are equipping these big boards with a little electronic unit that reacts to your car's headlights, turns on the lights at the board when your car approaches, then turns them off when you've passed. No longer will Curvaceous Cutie be all it up to smile her approval of some superlative product, and waste her sweetness on the lonely night air.

Dangerous Driving Days Are Just Ahead Says HighwayPatrol

SACRAMENTO — Dangerous days for pedestrians are just ahead says the California Highway Patrol. This statement is based on the fact that each year November and December are high accident frequency months for pedestrians.

"During November and December, 1954, there were 2,187 pedestrian accidents in California, resulting in death to 157 persons and injuries to 2,022," said Commissioner B. R. Caldwell. "This is partially due to the additional number of pedestrians on streets during the evening shopping hours, and the wearing of dark clothing during the fall and winter months," Commissioner Caldwell added.

The primary pedestrian actions causing accidents are "crossing street, not at an intersection; crossing at intersection, no signal; and walking in roadway."

It is obvious that pedestrians, as well as motorists, must obey the traffic rules to avoid traffic accidents.

Maximum Wages For Social Security Deductions Increase

Employers and employees are reminded that the maximum wages from which the social security deduction is made has increased to $4200 for 1955 and succeeding years. Mrs. Mercia Leton Kahn, manager of the Mission Social Security office said that the 1954 Amendments to the Social Security Act provided for this increase effective in 1955.

Mrs. Kahn stated that the increase in wage credits thus established would mean higher maximum benefits in the future for retired workers and their dependents or for the survivors of these workers in case of death. The $3600 maximum allowed before 1955 permitted maximum monthy benefits of $98.50 to a retired worker while the new $4200 maximum can mean $108.50 to insured employed or self-employed persons retiring after mid-1956.

All employees who earn wages of more than $3600 in a calendar year should make certain that the maximum is being reported for them by their employers. They can do this, Mrs. Kahn continued, by checking their pay slips or by checking with their employers.

"The Social Security Administration also advises all workers to check on their wage records each five years. Post card forms are available at all social security offices for this purpose," Mrs. Kahn added. The Mission District Office is located at 2747 Mission street, MIssion 7-9722.

WIA REPRESENTATIVE URGES SUPPORT FOR "BETTER SCHOOLS"

An Open Letter to Westlake Residents:

I have recently been appointed as chairman of the delegation to represent the Westlake Improvement association at the League for Better Schools. This league, composed of civic-minded persons, was formed to present qualified candidates for election to the school board of trustees, and equally important, to familiarize all members schools-wise, so that maximum cooperation and efficiency may be maintained. I personally feel the League is doing the community a fine service by eliminating confusion by screening candidates, by their educational policy and by the democratic processes which insure representation of all local groups impartially.

Therefore, mindful of the responsibility of this delegation, I earnestly urge members of the Westlake association, to whom the schools are a vital concern, to utilize this avenue whereby the association members may directly pave the way for a more enlightened program of better education, intelligent administration and increased facilities for our children.

Trusting that through your participation I may be able to truly represent Westlake parents,

I am,
Yours truly,
Elsie M. Garrison

Westmoor Should Be Done Now, Says Supt. Hannah

Westmoor High school should be functioning today, but it isn't!

This opinion was presented to the Jefferson High School PTA last Thursday night by Stanford Hannah, district superintendent.

But Hannah said he could not pin-point responsibility for delay on the building because his opinion "might be biased."

However, he declared that the district trustees have "worked long, faithfully and without reward except for their personal satisfaction of doing a civic job."

Hannah explained to the PTA that site for Westmoor was selected six years ago and negotiations were conducted "with three elderly ladies living in Eureka whose grandfather had purchased the property about 1850."

The superintendent said "legal red tape was enormous" in securing acquisition of the land.

"Despite constantly mushrooming obstacles," Hannah continued, "The purchase was consummated and actual construction is expected to start by January, 1956. Barring any further difficulties, the school will probably be ready for use early in 1957."

As part of the PTA program, school nurse Mrs. Edmund Butler, P.H.N., explained the job of the nurse in relation to the educational system. Her talk was supplemented with a film, "How the Eye Functions."

Refreshments for the evening were served by sophomore students' mothers, under direction of Mrs. Richard Mollison.

STATE FLOWER OF CALIF.

The bill that made the golden poppy the state flower of California was passed by the California State Legislature on February 16, 1903, according to the National Automobile Club.

LAW IN ACTION

WITNESSES

Strange, but people in the Middle Ages put little stock in sworn testimony.

1. Trial by battle: Say you appealed to a court against some wrong doer: He could clear himself by beating you in a fight—or even getting his hired fighters to beat you or your men.

2. Trial by ordeal: An accused could clear himself by going unharmed through some ordeal, say, a stroll through hot coals or a dip in a stream while tied up.

3. Trial by Oaths: Sometimes he could clear himself by getting several men — oath-helpers — to swear that he told the truth.

This was about as near as people came to our court system where we try to get the facts under rules of evidence from **sworn witnesses.** If a witness lies, the court may punish him for perjury.

So important are witnesses that the accused or the prosecutor can get the court to force a person to come to court and testify. It the judge thinks the witness may skip out, he can make him put up surety; or lacking that, he may hold him in jail.

The court may hear evidence before the trial if a witness is sick, unable to get to court, or may die.

A witness must be able to hear, or to see, or otherwise to communicate, and he must be old enough and mentally able to testify.

In the public good, as a rule, the law will not let a man or wife testify against each other, nor will it let lawyers, doctors, or ministers tell of secrets properly given to them in confidence.

But some witnesses can choose to talk or not: A newspaper reporter need not tell where he got a news story. You may—but you need not—testify if your answers would tend to incriminate or degrade you.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

Village Notes

By Gwin Mitchell

Quite a few homes in the Villages have a very special somebody to be thankful for this year—a new member of the family who will enjoy his or her first Thanksgiving surrounded by very proud relatives! Cynthia Ann Organ will be number one girl with parents Barbara and Russell over on Nimitz, with Bryan and Robin equally happy about the whole thing.

The glow around the Swedberg home on 90th street is from pure happiness. Nonette and Herb now have their son, Mark John, to make it a truly family holiday. On MacArthur, Dorothy and Harvey Calloway are also brand new parents, with 7 lb., 12 oz. James Edward keeping them busy. Dorothy is an English girl, who met and marrier Harvey when he was in England courtesy of the AAF. We have often wondered if all the wives from England have ever thought of having a get-together, or have even met all of each other. . . .

Foothill drive has a new boy too—Randy Pettit. He's the 7 lb., 8 oz. youngest member of the Lawrence Pettit family. He's number 4, with Fenton, Ray and Cynthia all being very much the big brothers and sisters. And the top of the hill isn't going to be left out, either. Margarite Mary Kramer is their candidate for the Stork Handicap, and a good one too, at 8 lbs., 10 oz. Kathy, Patty and Eileen are three proud sisters, and of course parents Peggy and Bill aren't too far behind them.

Novel Gift Idea

Gift idea for the father-to-be who has everything: A baby shower! That's what Ray Duste gave his friend Bill Klinger the other night. It was rather a musical bunch who came trouping to the Washington street host's house; Bill plays the clarinet, and of course Ray champions the oboe. Then there were Stan Shaff and Eddie Haugh, who accomplish wonders on trumpet, and Ray Fabrevio who prefers a flute, and Doug MacCourt, who has a bassoon for a close musical friend. And of course Walt Subke, our own Village Flutist, was there. Everybody came bringing appropriate baby gifts and also eight bars of music he had written for Bill to play. The grapevine has it that it was a very successful party!

There was quite a rash of birthday parties, too. Dana Chichester turned four, and had a few friends in to help celebrate. Young Foothillers Christien Dethlefsen, Dorothy Muller, Carl Wandt and Elaine Chiosso were all there for the usual IC&C! And Nancy Dethlefsen, also on Foothill, got over chicken pox in fine style and had a sixth birthday party for herself. Gary Chichester was the only young gentleman present, and he was surrounded by Lynn and Ginny Jones, Phyllis and Elaine Chiosso, and Debbie and Kathy Leech.

Marty and Patty Warmoh both had chicken pox, but Patty got her birthday party in first! Stephanie Gantert and Mike Florio came over, and of course Marty was on hand, for a nice cosy session with the presents and goodthings-to-eat. Patty had 3 candles on her cake.

Visit Pacific Grove

This and that: Del and Maurine Guymon left Foothill for a weekend visit with old friends Pedie and Marvin Inman at Pacific Grove. . . . Stewart's Happy Skillman plans to attend the Maryknoll junior seminary in Mountain View next fall . . . . The Coulter family will trade Thornhill for Marinwood come spring. . . . Mayo Bryce's thumb has finally recovered from the effects of a nasty argument with a paper cutter. . . . CWO Robert Neff has been home (Gilman) for a while after a trip to Turkey. He says the Turks are very cordial, and drive like fury down the beautiful boulevards in the city of Ankhara! He was also struck by the extreme poverty in some sections. He had a few hours stopover in Athens, and got pictures of the buildings on the Acropolis, which he says are as they are said to be.

One of the nicest things which has happened lately was the little note we got from Kathleen Sifford, who is still in the San Mateo community hospital recovering from her burns. She mentioned how much it had helped to know our Villagers were pulling for her to get well, and how nice it has been to receive the cards and letters. Kathleen has had many heartaches to bear in these last two hospitalized years, and we are glad that people in her community have tried to help.

Party Types

Latest of all the party-types we've heard of was the Copper Party Hazel Eagleton gave. Rusty Marion from South San Francisco was the demonstrator, and Frances Pricolo, Helen Collins, Edith Solbakken, Maryann Read, Vi Murphy, Rosemary Lamentia, Tania Earl, Roslyn Navarro, Esther Klevesahl, Claire Tedson, Agnes Sirianni and Josephine Riggs all swooped down on Hazel's Nimitz drive home to find out what it was all about. Latest reports are that it was a big success all around.

Agnes Sirianni couldn't let 87th street go without a party, so she gave a jewelry luncheon, with Hazel Eagleton, Iris Latreille, Edith Solbakken and Bernice Kerger as guests, and Frances Pricolo as demonstrator. Agnes is currently up on cloud 9 because son Richard, now in the Army's anti-aircraft business at Ft. Bliss, Texas, plans to be home for the Christmas holidays. Couldn't ask for a better Christmas gift!

Glad to see Mabs Guz up and around, and to hear that Melanie Fernekes is all right again after a serious illness. Michael Mac Carthy has the cast off his foot, and Nellie Krawetz is on the mend after a tonsillectomy which had some nasty after effects. The Holcomb family has had the flu as a house guest, but think they have finally shoved it out, and Janet Edler and Marion Spry are both back from the hospital. It's nice to hear that most people are getting over their troubles in the sick line—especially for the Thanksgiving holiday.

Visitors In Town

Visitors to our town include the Victor Vinsons, who are back visiting Gordon and Madeline Feist on Sweetwood and having a general good time. They were last here a month ago; it's nice to know our area has such appeal! And Major Fred Daly, a former Larchmontian, has been here for a while on the way from Texas to Washington (what routing is that?), and has been making the most of his time by visiting everybody everyhere!

Speaking of traveling, Meredith Orloff went down to Los Angeles for a Demo conclave the other weekend. She had a marvelous time going to meetings in all the estates in San Fernando Valley and learning a great deal from some very interesting people. When she wasn't at meetings, she joined husband Martin and son Richard at Martin's sister's home in Van Nuys, and had an equally wonderful time catching up on family news and doings. The last night there, they had a family gathering in full force of all the relatives far and near, complete with singing, dancing and bagpipe playing! Even the fact that the Orloffs-from-Broadmoor had to drive all night to get home on time for Monday tasks didn't dampen their enthusiasm for a splendid weekend!

Mr. and Mrs. Johnny Thoni, the sister and brother-in-law of Mr. Poole, arrived in Daly City last Thursday. They are planning a ten-day visit before returning to the east.

Now, and is it ever delicious—you may buy canned hams which are electronically SMOKED and which taste like real old fashioned smoked ham! Kingan canned "smoked" hams are particularly good and may be found, among other places, at the SAFE BUY MEAT CO. at 6318 Mission St. . . . A home cooked Thanksgiving dinner means lots of work and preparation for the cook and we hereby suggest that a "giving thanks" gift to the one who cooks YOUR Thanksgiving dinner would be most appropriate. . . . For a selection of very moderately priced, yet tasteful, gifts to please the "inner woman" visit the DALY CITY DRUG CO. at 6331 Mission street.

So? You have a washer and maybe a drier, too—but why not splurge anyway and have your Holiday wash whisked away and folded, ready to use, by the DALY CITY WASHETTE. Cost is minimum and the pleasure is all yours! DALY CITY WASHETTE is located at 26 Hillcrest—just off Mission street at the top of the hill.

SHANNON HARDWARE STORE owner Al Arnaudo is having a hard time with his window display of "Brillium" giftware! No sooner does he have the window arranged than "Wham"—here come the customers who need just what they see there. So far, he has used up three complete shipments of "Brillium" and the sales are still strong as ever . . . See it—and you'll see why.

PORTE'S DEPARTMENT STORE, located at 6340 Mission street, has just received a new shipment of those wonderful "Sunny Sue" blouses which sell for $1.29 or two for $2.50. These won raves from Daly City women because of their clever prints, full cut and "tails" long enough for real tuck and "stay in!" See them at PORTE'S DEPARTMENT STORE where you may use your Charge Key and receive Thrifty Shopper Stamps.
